

Swing Check Valve

CR

Swing Check Valve.

Size range	DN15-DN600
Body material	WCB,SS,Hastelloy
Disc material	304,316,316L, Hastelloy
Face to face	according to ASME
Pressure rating	Class150-600,PN10-100
Connection	Double Flange,Butt welding,Screw
Other variants	Wafer multi-swing and lift check valves available

Swing Check Valve technical data

Series	Characteristics	Valve Legend
CR Swing Check Valve	– Size:DN15-DN600 – Body material:WCB,SS,Hastelloy – Disc material:304,316,316L, Hastelloy – Face to face: according to ASME – PN:Class150-600,PN10-100 – Connection: Double Flange,Butt welding,Screw –Wafer multi-swing and lift check valve are available – Application:Sewage,Mud,Mine,Chemical,Paper,waste waterfor pump outlet,Vacuum,lower open pressure,anti-backflow system
