

Globe Control Valve

2510T

Globe Control Valve. Available with manual, electric actuator.

Size range	DN15-DN200,
Body material	WCB,SS
Plug material	304,316,316L
Seat material	PTFE,304/316/316L/Stellite
Cage	top trim guided, multi-hole cage , labyrinth cage
Pressure rating	Class150-600,PN10-100
Operation	Manual, Electric actuator

Globe Control Valve technical data

Series	Characteristics	Valve Legend
2510T Globe Valve	– Size:DN15-DN200, – Body material: WCB,SS – Plug material:304,316,316L – Seat material:PTFE,304/316/316L/Stellite –Cage:top trim guided, multi-hole cage , labyrinth cage – PN:Class150-600,PN10-100 – Operation:Manual, Electric actuator –Application:Power,Steel,Metallurgy,Chemical,Paper,Dip-dye,Food for gas,water,oil system as control and regulating
